1500 sq ft

In normal circumstances indoor air is often more unhealthy than outdoor air

With the terrible fire conditions in Southern Califonia, air quality has become dangerously poor.

For people suffering from respiratory conditions such as asthma, allergies, emphysema or heart and lung problems the situation may be more serious

It may be time to look at the benefits of High Efficiency Air Purification

Not only to deal with the current crisis but to enjoy breathing pure air in your home or workplace always.

Protect the Health of You and Your Family with an AllerAir High Efficiency Air Purifier
